One book that we can highly recommend that covers the issue on A2 Milk is called 'Devil in the Milk'. This is written by Keith Woodford, Professor of Farm Management and Agribusiness at Lincoln University in New Zealand. This is available from the [Food and Behaviour Research website](#). They bought a consignment of the book and are retailing it for £12.99 plus £2.50 p&p. If you'd like to purchase a copy, please telephone Fiona on 01463 258840.

If anyone knows or can recommend any other books relating issues involved in this website please feel free to [contact us](#). Many of the website in our links have lists of recommended reading material.
